Education and Public Outreach (Continued)

LCA's main website (www.LCAanimal.org) receives over 400,000 hits a month. Assorted Facebook posts received over 14 million impressions and Tweets received over 1.5 million impressions. LCA's e-mail action alerts ask for "Calls to Action" from members about issues needing urgent attention. Members are e-mailed information and asked to send an e-mail, letter or fax, make a phone call and post on social media to help bring about needed changes for animals.

LCA's founder and president, Chris DeRose, is frequently interviewed for television and radio programs, newspapers and magazines, nationally and internationally. He also travels both in the U.S. and abroad, giving lectures and educating the public about animal rights. Countless people have read or heard about LCA and Chris DeRose through the 40-50 interviews in 2017.

Locally, LCA and the Animal News Van (ANV), attends special events, conferences, schools and fund raisers. LCA's custom-made, donated ANV is equipped with two large plasma televisions screens, a speaker system and led ticker tape. The ANV uses the powerful medium of video to educate citizens about the current conditions animals live in by showing investigative reports and disseminating breaking news stories. Attendees at each event range from 30-300.

Working Towards Stopping the Dog Meat Trade 365 Days a Year - With ongoing investigations and public awareness campaigns, LCA's Stop Dog Meat 365 campaign focuses on ending the horrific dog and cat meat trade in China and South Korea that

happens 365 days a year. In addition to boots on the ground teams in Asia, LCA is working with the U.S. federal government to eradicate the dog and cat meat industry. LCA supported Representative Alcee Hastings' (D-FL) efforts to pass legislation that will ban the sale of dog and cat meat in the United States as well as officially condemn the annual Yulin Dog Meat Festival in China. In January 2017, LCA met with South Korean Parliamentary member, Pyo Chang-won at the National Assembly in Seoul to lend support to his amendment to strengthen existing animal protection laws. LCA sponsored an anti-dog meat billboard in Bucheon, South Korea for one year. LCA continues to work with government and activists on the ground in China and South Korea to put an end to the brutal dog meat industry. In October 2017, LCA formed a sister organization in Seoul, South Korea, Animal Liberation Wave, with one goal in mind; to work full time on ending the dog meat trade. Every year, an estimated one million dogs are tortured and killed for their meat in South Korea. LCA used undercover footage and photos of both China and South Korea's dog meat trade to hold anti-dog meat protests outside the South Korean Embassy in Los Angeles and Washington D.C. in June and July 2017. www.StopDogMeat.com

Ringling Bros. Circus is Finally Out of Business - LCA has been at the forefront of the movement against Ringling Bros. that garnered international attention exposing the severe animal cruelty that Ringling tried so desperately to hide. Ringling Bros. circus stopped using elephants in May 2016 and finally closed for good after 146 years, in May 2017. The final performance marked the end of a cruel era of Ringling breeding animals or stealing them from the wild and forcing them to perform demeaning, unnatural tricks out of fear. The end of Ringling Bros. is a hard-won victory that followed decades of investigations and protests by LCA.

Banning Whales, Dolphins & Porpoises in Captivity - Canadian Bill S-203, the Ending of Captivity of Whales and Dolphins Act, passed out of the Senate Committee on Fisheries and Oceans in 2017 and will be heard before the full Senate. The movement of this bill is in large part due to LCA's 2016 five-month undercover investigation of Marineland Canada that exposed shocking abuse and neglect of Beluga whales at the park. LCA's investigation revealing the plight of whales in captivity led to increased public awareness and has become a catalyst that is making people demand that governments take action to protect these animals. LCA is urging Canadian Parliament to pass Bill S-203, which will ban capture, confinement, breeding and sale of Cetaceans. California passed a bill in 2016 banning captivity and breeding of Orcas.

Public Outreach and Education - Virunga National Park, Africa (Continued)

There are only about 900 mountain gorillas left in the world, all in the Virunga Volcanoes Massif mountain range in Uganda, Rwanda and Congo. In 2016, LCA's campaign turned to supporting the AirWing program of war-torn Virunga National Park in the Congo, where rangers risk their lives daily to protect the land and the wildlife from poachers and rebel militia. 175 Virunga rangers have been killed in the past decade protecting the park and the wildlife. A functional and modern AirWing program provides the best possible tool to secure the park and reduce threats to Virunga's rangers and wildlife population. In 2016, LCA provided the AirWing with airplane bush wheels, mobile LED airstrip lighting and tool chests. In April 2017, LCA's donated Cessna 206 aircraft arrived in Virunga National Park after a journey of 8,600 miles from Colorado to Virunga. Shortly after the plane arrived, it was used

to transfer 24 rangers rapidly to a site in the park that was under very serious threat of militia attack. There is no doubt the attack was averted and many animal and ranger lives were saved. The plane will provide lifesaving assistance to the rangers in protecting the land and the wildlife at Virunga - including the majestic Mountain Gorilla. In October 2017, LCA was able to support Virunga in purchasing the land their airfield is located on, now called Katale-LCA Airfield. This is a major turning point for Virunga's AirWing, as they were previously forced to rent the airfield near their headquarters and faced constant threats of being evicted, which would have brought the AirWing program to a screeching halt, affecting the conservation of the park and its animals dramatically. www.LCASavingGorillas.org

Investigations (Continued)

The SIU team focuses on validating information, detecting suspect activity, exposing illegal or unethical activities and reporting them to local, state and federal authorities for prosecution. The information obtained in LCA's investigations is used to develop campaigns, provide grassroots education and outreach to the public, and to help in drafting legislation that will bring lasting changes for the animals.

The scope of LCA's investigations includes, but is not limited to: pet theft, class "B" dealers, puppy mills, Asian dog meat trade, pound seizure, circus cruelty, elephants in captivity, animals used in entertainment, vivisection and pharmaceuticals manufactured from the demise of animals.

Exposing Animal Research Cruelty at ITR Laboratories, Canada - LCA's undercover investigation released in March 2017 exposed horrific cruelty at ITR Laboratories Canada, a government-contracted toxicology research facility that performs

laboratory studies on beagles, mini pigs, and macaque monkeys. This groundbreaking investigation is the first exposure of the gross mistreatment of laboratory animals inside Canadian research facilities. LCA's investigation revealed how researchers subjected animals to cruel tests and repeated abuse and failed to take proper measures to mitigate the suffering the animals endured. Documentation revealed animals being thrown, slammed, suspended by their ears and limbs, and open wounds and infections being left untreated. After enduring horrendous torture for the entirety of their lives, nearly all the animals were killed when the studies concluded and the animals were no longer considered useful. An ongoing pattern of animal abuse and neglect was documented in clear violation of provincial animal protection laws and animal testing guidelines. Researchers often justify their use of animals in medical studies with claims about minimizing animal suffering. However, LCA's investigation revealed a shocking violation of this principle. LCA's investigation received widespread media coverage and sparked an international debate about the use of animals in research. LCA filed official complaints to multiple Canadian government departments and non-stop weekly protests continue to be held outside ITR since the investigation broke. Elizabeth May, leader of Canada's Green party, sponsored an E-petition to mandate government oversight of all Canadian facilities where animals are used for experiments - an important first step towards ending the nightmare experienced by millions of animals that are used in research.

Animal Cruelty Charges at Marineland - After a five-month investigation into Marineland Canada's abuse of marine mammals in 2016, LCA gathered evidence on the treatment of land animals at the theme park. The investigation revealed deplorable living conditions, severe neglect, and countless unexplained animal deaths. LCA's

investigation showed multiple instances of deer with severe limb and eye injuries being left untreated, bears being fed expired and moldy food and animals attacking one another due to cramped living spaces. Multiple dead land animals were discovered daily in large freezers containing bodies of deer, fowl and other animals. Marineland failed to conduct any investigation into the circumstances of these deaths. LCA turned over evidence gathered to the Ontario Society for the Prevention of Cruelty to Animals, which resulted in Marineland being charged with 11 counts of animal cruelty under the Ontario SPCA Act. Justice was denied for the land animals in August 2017 when the prosecution dropped all charges against Marineland, despite stating there was sufficient evidence to proceed on several of the charges. LCA's investigation has taken center stage in the ongoing debate about wild animals in captivity and has spurred the public to demand the government hold Marineland responsible and to enforce existing animal welfare laws.
